Dear Darrin

It is with pleasure that I write this reference for your company.

Destruction of my closed client files is a very sensitive issue and my decision to entrust this service to you and your team was not taken lightly.

I am pleased to report that I am very satisfied with the service I have received from you and your team. Rather than having a scheduled bin collection you allow me to email or phone when my bin is full and your team are very quick to call around and collect it.

When the bins are collected the driver always places a security band through the lid to protect the contents within.

I have no hesitation in recommending your company and the services you offer to other businesses.

Yours faithfully

Simon J. Hayden
