New Zealand Document Destruction Services
10 Railway Road
Rotorua

Dear Mr. Smith

So much of the business work today is about solutions to problems.

The problem was the disposing of the ever increasing pile of 'sensitive' rubbish.

The solution is your blue bins and your smiling, efficient disposal staff.

No longer do I have to worry about the information we gather in the course of our business day ending up in the wrong hands or at the wrong place.

Thanks again for a job well done.

Ann Crossley
